

DE NORA in U.A.E. for CATHODIC PROTECTION systems.

De Nora signed a new contract for the distribution of CATHODIC PROTECTION systems. The agreement has been signed with HELIX PROJECTS & SERVICES a company based in Abu Dhabi.

Helix is a company for housing the materials trading activities of PLS that has a long history of cooperation with our group and will be De Nora new distributor for LIDA® products for traditional Cathodic Protection in U.A.E..

The agreement signed with HELIX PROJECTS & SERVICES is the result of De Nora's efforts to establish a global network for immediate delivery to its customers of:

- ✓ **Spares where they need them**
- ✓ **Everything they need.**

Mr. Patrick Hivert will be De Nora contact in the company and is one of the Director of both Helix and PLS. If you believe you may be interested in more information on Cathodic Protection systems please submit your request to:
